

COVID-19 ANTIBODY TEST NKGEN BIOTECH ON-SITE SPECIMEN COLLECTION

Patient Guide

NKGen Biotech offers COVID-19 Antibody Testing on blood from patients who may have been exposed to COVID-19 in the past and are currently asymptomatic. Test results will be provided to the ordering physician. Patients should contact their doctor to obtain their results. **Please follow the process below for NKGEN BIOTECH ON-SITE COLLECTION.**

1- Obtain Test Order

A COVID-19 Antibody Test order form must be completed by your physician and faxed to NKGen Biotech at (949) 861-9565 prior to scheduling an appointment

NOTE: If you do not have a physician, you may contact NKGen Biotech at 949-386-6830 for a physician referral for a tele-screening appointment to assess your eligibility for COVID-19 testing (*additional fee will apply for medical consultation*).

2- Call for Appointment

Call NKGen Biotech at 949-386-6830 for a COVID-19 Antibody Test appointment

NOTE: Payment by credit or debit card will be collected over the phone at the time of scheduling. We do not bill insurance. Please request an itemized receipt if you wish to submit to your insurance company for reimbursement.

3- Arrive at NKGen Biotech Facility

Upon arriving at the NKGen Biotech facility, **follow signs to the designated parking entrance** and park in one of the assigned spots.

Once parked, exit vehicle and follow signs to the collection window, located on the front left of the building. **Do NOT enter the building.**

Please check-in at the collection window. **You will be required to show a photo ID prior to testing.** After necessary paperwork has been verified, a blood sample will be obtained.

**Patients must wear a mask at ALL times
while on NKGen Biotech property**

**COLLECTION SITE LOCATION:
NKGen Biotech, Inc.
3001 Daimler Street
Santa Ana, CA 92705**
